Baillie Gifford Worldwide Responsible Global Equity Income Fund- Class B GBP Shares

Accumulation Shares - ISIN IE000WUM70S2

Baillie Gifford Worldwide Responsible Global Equity Income Fund ("the Fund") is a sub-fund of Baillie Gifford Worldwide Funds PLC (the Company). The Fund is managed by Baillie Gifford Investment Management (Europe) Limited.

Objectives and investment policy

Objective

- The Fund aims to achieve a higher level of income than global equities whilst, over the longer term, achieving growth in both income and capital by investing primarily in shares of companies anywhere in the world which meet the relevant environmental, social and governance criteria and will exclude companies from certain industries and companies which are inconsistent with the principles of United Nations Global Compact for Business.

Policy

- The Fund will invest at least 90% in shares of companies anywhere in the world which are managed and behave responsibly.
- Investments in the Fund will initially be selected by the managers based on their own research. In addition, the managers will use their own research and third-party data sources to assess whether companies are managed and behave responsibly utilising norms-based evaluation covering areas including human rights, labour rights, environmental safeguards and combating bribery and corruption and an exclusionary approach.
- The Fund is actively managed and no index is used for the purposes of determining or constraining the composition of the Fund's portfolio. The Fund's performance (after deduction of costs) and yield is measured against the MSCI ACWI Index. The Fund seeks to outperform the index.

Other Information

- You can sell some or all of your shares on any day on which banks in Ireland are open for business by contacting the Transfer Agent by phone or post.
- Income will be re-invested. No further shares will be purchased but the reinvestment will be reflected in the price of your existing accumulation shares.
- For further explanation and information see the investment objective and policy section of the Prospectus, which is available by contacting us.
- Recommendation: this Fund may not be appropriate for investors who plan to withdraw their money within five years.

Risk and reward profile

The Risk and Reward Indicator table demonstrates where the Fund ranks in terms of its potential risk and reward. The higher the rank the greater the potential reward but the greater the risk of losing money. It is based on past data, may change over time and may not be a reliable indication of the future risk profile of the Fund. The shaded area in the table below shows the Fund's ranking on the Risk and Reward Indicator.

- Please note that even the lowest risk class can lose you money and that extreme adverse market circumstances can mean you suffer severe losses in all cases.
- The Fund is classified in the category above because it invests in company shares which generally provide higher rewards and higher risks than other investments such as bonds or cash. Where no share price history is available for any part of the last five years (and thus no returns), the returns of the Fund's comparative index are used in its place to calculate the Risk and Reward Indicator.
- The indicator does not take into account the following relevant material risks which may affect the Fund and mean you may not get back the amount you invested:
 - Investment markets can go down as well as up and market conditions can change rapidly. The value of an investment in the Fund, and any income from it, can fall as well as rise.
 - Changes in exchange rates of foreign currencies will cause investments and income to fall as well as rise.
 - The Fund invests in emerging markets where difficulties in trading and custody of assets could arise, impacting your investment.
 - The Fund invests according to responsible investment criteria and with reference to the ten principles of the United Nations Global Compact for business. This means the Fund will not invest in certain sectors and companies and, therefore, the universe of available investments will be more limited than other funds that do not apply such criteria/ exclusions. The Fund may have different returns than a fund which has no such restrictions.

Charges

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest

Entry charge	0.00%
Exit charge	0.00%

These are the maximum charges that we might take out of your money before it is invested and before we pay out the sale proceeds of your investment. In some cases, you might pay less and you should speak to your financial adviser about this.

Charges taken from the Fund over a year

Ongoing charges	0.40%
-----------------	-------

Charges taken from the Fund under specific conditions

Performance fee	NONE
-----------------	------

- The ongoing charges figure is based on the last year's expenses and may vary from year to year. It excludes the costs of buying or selling assets for the Fund (unless these assets are shares of another fund).
- The Fund's annual report for each financial year will include detail on the exact charges made.
- You can find further details about the charges in the fees and expenses section of the Prospectus, which is available at www.bailliegifford.com.
- Please note that the management fee will be at a reduced rate as specified in the Prospectus, for a limited period of time. Until the expiry of this offer the ongoing charges will be 0.40%.
